

Hi Dr. Wright,

Congratulations! You achieved the Top Dentist in Nevada in the Summer 2013 Top Doctor Competition! This award recognizes you for helping 279,554 people on HealthTap, and represents the highest recognition for your expertise and helpfulness.

We have created an award package for you, including an award certificate, colorful decals that show your patients you are a recognized expert on HealthTap, and "invite your patients" cards that will help your patients find you and follow you on HealthTap.

I would like to send you your award package, but I can only do this if you confirm or [update your address](#). Here is the current public address or office location from your profile

(#10531157)

8855 W. Flamingo Rd #101

Las Vegas, Nevada, 89147

If you previously confirmed a private mailing address with us, we will use that address. If you haven't confirmed your mailing address, please [update your address](#), send me your new address via email, or just call me at the number below.

Your awards are not yet visible to others on HealthTap, but will soon appear in the [Honors Box](#) on the About tab of your profile. You can see your final standings on your Top Doctor Competition page, where your count of total people helped during the competition is also displayed.

I applaud you for your compassion and caring, and thank you on behalf of the people you

helped so far, and the many millions more that the tips and answers you have already entered will help in the future.

I look forward to seeing you again on [HealthTap](#), where you can continue to help people by [Answering questions](#), [creating Tips](#), and doing [Peer Review](#).

In good health,

Geoff
